

## CUSTOMER SERVICE AGREEMENT

Customer ID: 3  
Customer Name: Cedar & Oak Catering  
Contact: accounts@cedaroak.com / +1-555-0103  
Account Type: Wholesale, large catering  
Agreement Effective: 2026-01-01

### 1. ACCOUNT PROFILE

Cedar & Oak Catering is a large catering company with order volume that increases significantly around holiday periods. The customer has a strong payment history and has always paid on time to date.

### 2. PAYMENT TERMS

Standard terms ..... Net-30 from invoice date  
Early payment discount ..... 2% within 10 days (2/10 net 30),  
extended in recognition of the  
customer's payment history and  
order volume  
Purchase order required? ..... No

### 3. ORDER VOLUME AND SEASONALITY

Order volume is expected to increase materially in Q4 each year for holiday catering events. To support this, the standing green coffee bean supply agreement with Highland Bean Co has been sized to accommodate Cedar & Oak's projected holiday demand; see the Highland Bean Co supplier agreement and correspondence notes for sourcing details.

### 4. DELIVERY

Large catering orders are fulfilled with support from Sunrise Logistics as the freight/delivery partner. Delivery windows for large orders should be confirmed at least 5 business days in advance during peak season to ensure logistics availability.

### 5. BILLING DISPUTES

Any invoice disputes are handled per the standard Billing Dispute and Credit Policy: disputes must be raised within 15 days of the invoice date and the invoice is held in "pending" status pending resolution rather than allowed to become overdue.

### 6. RELATIONSHIP REVIEW

Given the account's size and reliability, this account is reviewed annually for potential terms improvements (extended terms, additional discount tiers) as order volume grows.
